Personal Statement

As a passionate and organised 1st class Computer Science graduate with various work and academic experiences, I am a confident and efficient communicator (both verbal and written), strong team-player, and effective individual who will take initiatives in the workplace. I am also detail- and results-driven; eager and able to quickly learn new skills and take on challenges to improve myself as a person and as a software designer/ developer.

Education

Newcastle University (UK)

Sept 2017 – July 2020

BSc (Hons) Computer Science 1st Class
